Jessica Rieger

IT-Skills

MS Office
Data analysis (SQL, PySpark)
Programming (Python)
Game Development (Unreal)
Web application development
API Integration
Computer Vision

Languages

German	Mothertongue
Englisch	Fluent
French	Basic
Russian	Basic

Softskills

Presentation
Problem-solving
Initiative
Teamwork
Communication

Interests

Hiking
Strength training
Cooking/Baking
Reading

Education

- 10/2024 – ongoing **Dipl.-Ing. in in Visual Computing**
TU Wien
Focus on Computer Vision, VR/AR and Visualization
- 02/2026 – 07/2026 **Exchange semester in Visual Computing**
KU Leuven
Focus on AI and medical imaging and analysis
- 09/2019 – 09/2022 **Bachelor of Science in Computer Sciene**
Duale Hochschule Baden-Württemberg in cooperation with Dr. Ing. h.c. Porsche AG
Bachelorthesis: „Conceptual elaboration of emotion recognition based on the classification of traffic and environmental situations from vehicle data”

Work Experience

- 02/2026 - ongoing **Softwaredeveloper**
Freelancer
- End-to-end implementation of an AI-powered web training application with ChatGPT integration and AI avatar interfaces
 - API integration of external AI services
 - Collaborated with clients to gather requirements and translate them into functional software designs
 - Tech stack: Cloudflare Workers, GPT-5.4, REST APIs, JavaScript
- 01/2025 – 01/2026 **Working Student – Customer Department, Sample Coordination**
Robert Bosch AG
- Coordinating sample orders of automotive partners - from price management to successful delivery

10/2022 – **Teaching Assistant for the Module Databases**

12/2024 Duale Hochschule Baden-Württemberg

- Preparation and teaching of lectures and exercise classes
- Supporting assessment process by grading assignments

10/2022 – **Junior Software Engineer**

10/2024 Dr. Ing. h.c. Porsche AG

- Setting up and managing Projects to support bugfixing in Control-Unit developments
- Responsible for Basic Software topics in the VW group and PAG internally
- Responsible for requirements and updates in Software - and Basic Software Specifications
- Budget Management
- Supporting teamlead in agile Working Methods
- Supporting Software-Architecture modelling

01/2022 – **Working Student in Data Analysis**

09/2022 Dr. Ing. h.c. Porsche AG

- Analysis of trip data from customer vehicles with SQL and PySpark
- Building function for preanalysis of vehicle features with Matplotlib

Volunteer Work

03/2025 – **Participation in TU.impact**

07/2025

- Organizing workshops for female students
- Strengthening social skills
